

Work Experience Certificate

Date of Issuance: 30th April 2025

Executive Name: **Shaikh Zaka Tabish**

This is to certify that **Mr. Tabish. ID: T4733443** was employed with **Integrated Computer Solutions** as a software developer from **1st March 2024 to 15th April 2025**.

In this duration, Mr. Tabish worked extensively with python and contributed remarkably to data-centric and backend development projects. His responsibilities required a strong understanding of software design, data management, and automation processes.

Key Responsibilities and Contribution:

- Built scripts for data processing, automation, and backend tasks.
- Handled data analysis, transformation, and reporting.
- Integrated applications with databases.
- Contributed to cross-platform systems.
- Participated in Agile workflows and code reviews.

Performance and conduct:

Mr. Tabish displayed exceptional problem-solving skills and a strong command over Python programming. He approached complex challenges with logical precision and implemented practical solutions. His work ethic, professionalism, and eagerness to learn new technologies were highly appreciated.

He has been valuable asset to the team, and we wish him continued success in all future endeavours.

Integrated Computer Solutions,
Syed Aamer Ali
Director
